

Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 30 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Cold with scattered wintry showers, widespread overnight frost.

This Evening and Tonight:

Scattered wintry showers will become confined to coastal areas overnight, with some clear spells developing. Staying cold with a widespread moderate frost developing across the region, and the risk of icy patches on untreated roads. Minimum temperature -5 deg C (23 deg F).

Sunday:

Remaining cold with some bright or sunny spells after a very frosty start. However, the odd wintry shower is still possible, mainly across eastern parts. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:

Monday cold with sunny spells and isolated wintry showers. Tuesday and Wednesday mostly cloudy with rain and hill snow, and snow likely to low levels for a time on Tuesday.
